MENTAL HEALTH TRAINEE STIPENDS IN SOCIAL WORK, 1980-1981

The National Institute of Mental Health of the Alcohol, Drug Abuse, and Mental Health Administration, Department of Health and Human Services, under the National Mental Health Act, makes available trainee stipends for the training of social workers in mental health. Trainee stipends are now available for students with career goals in community mental health, administration, advanced community mental health, and minority groups development. In addition, some stipends are awarded to applicants with educational objectives in alcoholism, drug abuse, and minority groups mental health. Information regarding the availability of trainee stipends in these areas should be obtained through the training centers authorized to administer them.

Trainee stipends are available at the first and second year levels of the master's degree program and at the third year and doctoral levels.

The eligibility requirements of applicants for the trainee stipends are as follows:

1. The applicants must meet the admission requirements of the department or school of social work of their choice.

2. The applicants must be citizens or nationals of the United States, or persons lawfully admitted for permanent residence as evidenced by an acceptable visa symbol. Persons on temporary visas, such as those on student or exchange visitor visas, do not qualify.

Trainee stipend awards have been established at the following specified levels for candidates with a career objective in mental health:

Level of Training	Years of Training	Annual Rate	Monthly Rate
BSW	1 to 2	$3,900	$325
MSW	1 to 2	$5,040	$420
Post-Master's (Non-Doctoral)	1 to 2	$5,040	$420
Ph.D/DSW	1 to 2	$5,040	$420

A full traineeship includes stipend, plus tuition and fees.

Annual Rate quoted is for a 12-month support year for trainee stipends. If the established period of training is less than 12 months, the stipend must be prorated on the actual length of the training period in months and days.

Grant Categories

The Social Work Education Branch awards four categories of training grants: Basic Mental Health Education, Continuing Education, Short-Term Training, and Special Projects. Student stipends are ordinarily available only through Basic Mental Health Education grants. (Please see most recent Social Work Education Branch Guidelines for further information on grant categories)

Procedure for Application

Applicants for trainee stipends should apply directly to a department or school of social work, or other training institution, which has been authorized to administer NIMH trainee stipends. Please refer to the list of institutions authorized to administer such stipends. The training institution has the responsibility for selection of qualified students to whom stipends are to be awarded. Recipients of trainee stipends are not committed in any way to the Federal Government for employment; and conversely, the Alcohol, Drug Abuse, and Mental Health Administration assumes no responsibility for employing or placing such persons.*

Stipend information in this booklet refers primarily to the Social Work Education Branch, Division of Manpower and Training Programs, NIMH. A limited number of stipends is also available from other ADAMHA units, as follows:
